Introduction

This document sets out Alex Infants' approach to handwriting and presentation. It sits within the context of the School's vision and the other policies of the School; it applies to the whole School community – governors, staff, pupils and parents/guardians/carers.

The School follows the national framework for the Early Years Foundation Stage ("EYFS") and Key Stage 1 ("KS1") and the handwriting requirements of that framework (see Appendix 3) apply in full to the School.

The outcomes that we will strive to ensure all our pupils achieve are:

- Having fluent, legible and speedy handwriting that can be performed automatically, so that the attention of the brain is on the content of the writing.-
- Having the stamina and skills to write at length, with accurate spelling and punctuation.
- Having competence in transcription (spelling and handwriting) and composition.
- Writing clearly, accurately and coherently, adapting their language and style in and for a range of contexts, purposes and audiences.
- Having a comfortable and efficient pencil hold and working position.

Handwriting is of fundamental importance to educating our pupils because pupils who do not learn to read and write fluently and confidently are, in every sense, disenfranchised. The mastery of handwriting is therefore one of the key priorities of Alex Infants' School.

General Principles

Handwriting is a physical activity that involves movement and recognition skills that need to be learnt and become part of the automatic cognitive skill set of the pupil. To achieve this, the School has chosen the Kinetic Letters handwriting programme.

The programme has four threads.

- Making bodies stronger
- Holding the pencil (for speed, comfort and legibility)
- Learning the letters
- Flow and fluency

The key principles of the programme are:

- Building physical strength underpins handwriting and concentration. This knowledge informs the working positions that children use for writing and the strengthening targets they work on.
- Pupils are not expected to do anything before they are developmentally ready for it.
- The different components of writing are mastered individually before being used in combination.
- Letters are learnt as movements, not as visual shapes, and movement remains central to developing automaticity in letter formation, flow and fluency.
- Posture is important in developing the correct position for handwriting and so children are taught how to organise their working position and paper position to enable comfortable and fluent writing from the start.
 - Correct pencil hold is taught from the start (ie as soon as a tri-pod grip is developmentally appropriate).

Commented [u1]: This should say not expected to write, but work will focus on ensuring that they have good gross motor skills in order to refine fine motor skills when ready?

Reading and writing are reciprocal processes; strengthening handwriting skills will support reading and writing development as a whole.

Year groups

- The Kinetic Letters programme is commenced in Nursery and is used throughout the School. By the end of KS1, each pupil should be working at the national standard and most should be working at a greater depth (see Appendix 2). Children will be using some of the strokes needed to join letters; teaching this will start in Year 2.
- Handwriting practice takes place in sessions that are outside English lessons, since handwriting underpins the majority of curriculum areas and is integral to self-esteem.

Pupils in FS1 will spend time developing gross motor skills and building stronger bodies from Spring Term, earlier if children are developmentally ready.

Reception and Year 1 will spend at least 20 minutes of school day on activities that are part of the Kinetic Letters programme.

Year 2

At least 3 times a week for 10 minutes until handwriting is fluent and legible. Thereafter time allocation to maintain handwriting development and increase speed and flow, will be regular but at the discretion of the class teacher so long as appropriate progression continues to be made. Handwriting practice takes place on the 6-lined (or 3-lined if appropriate) Kinetic Letters white boards, with a transition to books via the "practice patch".

Commented [u2]: Building bodies stronger to get ready for writing

Commented [u3]: These will need to be ordered.

2. Assessment

- The assessment framework in the national curriculum will apply to each pupil when their progress is being assessed at the end of KS1 (see Appendix 2). Prior to these two measurement points, teachers will use the Kinetic Letters assessment guides on a daily basis. Marking of work by teachers will be positive and self-correction by pupils will be encouraged.

3. Special Educational Needs and Disability ("SEND")

- The School's SEND policy applies. However, it should be noted that the Kinetic Letters programme is applicable to pupils with dyslexic and dyspraxia (developmental co-ordination disorder).

4. Home involvement

- It is important that parents/guardians/carers are involved in supporting the learning of handwriting. Parents will be given details of the handwriting programme and encouraged to purchase Kinetic Letters resources that are used by the School.

5. Presentation

- The School will use the Kinetic Letters font for all class and display work produced in school, ensuring consistent presentation that reinforces handwriting teaching. The general protocols for pupils' work is set out in Appendix 4.

- Class teachers are responsible for displays on the walls of their classrooms; the environment co-ordinator will be responsible for all other displays in corridors and other rooms. Displays will be relevant, up to date, in good condition and reviewed at least once a term.

6. Policy adoption

- This policy was adopted on.....[date] by the School Governors and will be reviewed annually.

Signed.....
Headteacher

Appendix 2 Teacher assessment framework for a pupil's performance - end of Key Stage 1 and 2 – handwriting

This statutory interim framework is to be used only to make a teacher assessment judgement on an individual pupil at the end of the Key Stage following the completion of KS1/KS2 curriculum

. It is not intended to track progress throughout the Key Stage.

The expected standard	Key Stage 1			Key Stage 2		
	Working towards	Working at	Working at greater depth	Working towards	Working at	Working at greater depth
Forming lower-case letters in the correct direction, starting and finishing in the right place	All	All	All	All	All	All
Forming lower-case letters of the correct size relative to one another	Some	All	All	All	All	All
Forming capital letters and digits of the correct size, orientation and relationship to one another and to lower case letters	Some	All	All	All	All	All
Using spacing between words	All	All	All	All	All	All
Using spacing between words that reflects the size of the letters.		All	All	All	All	All
Use of question marks and exclamation marks		Most	All	All	All	All
Using the diagonal and horizontal strokes needed to join letters		Some	Most	All	All	All
Producing legible joined handwriting				All	All	All
Maintaining legibility, fluency and speed in handwriting through choosing whether or not to join specific letters.				Most	All	All

Key: A child demonstrates attainment of a standard **some** or **most** or **all** of the time by the end of the Key Stage.

Appendix 3

Handwriting requirements – national framework

This document sets out National Curriculum 2015 handwriting requirements for Early Years, Key Stage 1 and Key Stage 2. The Framework document makes the following statements about the outcomes that must be achieved by teachers:

- Ensuring all pupils write clearly, accurately and coherently, adapting their language and style in and for a range of contexts, purposes and audiences
- It is essential that teaching develops pupils' competence in transcription (spelling and handwriting) and composition. ("Writing" p16)
- Pupils who do not learn to read and write fluently and confidently are, in every sense, disenfranchised. ("Purpose of Study" p14)
- Pupils should develop the stamina and skills to write at length, with accurate spelling and punctuation. ("6.3 Language and literacy - Reading and Writing" p11)
- Writing also depends on fluent, legible and, eventually, speedy handwriting. ("Programmes of study and attainment targets - Aims of English" p16)

 National Curriculum – Framework documents 2014 and Primary Curriculum 2015

Statutory requirements	Non-statutory requirements
Early Years Foundation Stage	
Literacy development involves encouraging children to begin to read and write. Moving and handling: Children show good control and co-ordination in large and small movements. They move confidently in a range of ways, safely negotiating space. They handle equipment and tools effectively, including pencils for writing. Writing: Children write simple sentences.	Expected descriptors: Shows preference for a dominant hand. Use a pencil effectively to form recognisable letters, most of which are correctly formed. Exceeding descriptors: They hold paper in position and use their preferred hand for writing, using a correct pencil grip. They are beginning to write on lines and control letter size.
Key stage 1 Year 1	
Pupils' writing during Year 1 will generally develop at a slower pace than their reading. This is because they need to encode the sounds they hear in words (spelling skills), develop the physical skill needed for handwriting, and learn how to organise their ideas in writing.	
Pupils should be taught to: <ul style="list-style-type: none"> • sit correctly at a table, holding a pencil comfortably and correctly; • begin to form lower-case letters in the correct direction, starting and finishing in the right place; • form capital letters; • form digits 0-9; • understand which letters belong to which handwriting 'families' (i.e. letters that are formed in similar ways) and to practise these; • write from memory simple sentences dictated by the teacher 	Handwriting requires frequent and discrete, direct teaching. Pupils should be able to form letters correctly and confidently. The size of the writing implement (pencil, pen) should not be too large for a young pupil's hand. Whatever is being used should allow the pupil to hold it easily and correctly so that bad habits are avoided. Left-handed pupils should receive specific teaching to meet their needs

Year 2	
In writing, pupils at the beginning of year 2 should be able to compose individual sentences orally and then write them down, and to form individual letters correctly, so establishing good handwriting habits from the beginning.	
<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> • form lower-case letters of the correct size relative to one another; • start using some of the diagonal and horizontal strokes needed to join letters and understand which letters, when adjacent to one another, are best left un-joined; • write capital letters and digits of the correct size, orientation and relationship to one another and to lower case letters; • use spacing between words that reflects the size of the letters. 	<p>Pupils should revise and practise correct letter formation frequently. They should be taught to write with a joined style as soon as they can form letters securely with the correct orientation.</p>
Lower key stage 2 Years 3-4	
Joined handwriting should be the norm; pupils should be able to use it fast enough to keep pace with what they want to say.	
<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> • use the diagonal and horizontal strokes that are needed to join letters and understand which letters, when adjacent to one another, are best left un-joined; • increase the legibility, consistency and quality of their handwriting, e.g. by ensuring that the down-strokes of letters are parallel and equidistant; that lines of writing are spaced sufficiently so that the ascenders and descenders of letters do not touch. 	<p>Pupils should be able to write down their ideas with a reasonable degree of accuracy and with good sentence punctuation.</p> <p>Pupils should be using joined handwriting throughout their independent writing. Handwriting should continue to be taught, with the aim of increasing the fluency with which pupils are able to write down what they want to say. This, in turn, will support their composition and spelling.</p>
Upper key stage 2 Years 5-6	
Children should be able to write down their ideas quickly. By the end of Year 6, pupils' writing should be sufficiently fluent and effortless to manage the general demands of the curriculum in Year 7.	
<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> • write legibly, fluently and with increasing speed by: <ul style="list-style-type: none"> ○ choosing which shape of a letter to use when given choices and deciding whether or not to join specific letters, ○ choosing the writing implement that is best suited for a task. 	<p>Pupils should continue to practise handwriting and be encouraged to increase the speed of it, so that problems with forming letters do not get in the way of their writing down what they want to say. They should be clear about what standard of handwriting is appropriate for a particular task (e.g. quick notes or a final handwritten version). They should also be taught to use an un-joined style (e.g. for labelling a diagram or data, writing an email address, or for algebra) and capital letters (e.g. for filling in a form).</p>

Appendix 4

School Presentation Protocols					
	Early years	Year 1	Year 2		
Writing implements	When developmentally appropriate, white board pens for whiteboards and thick triangular pencils for writing on paper.	Thin triangular pencils for writing on paper; white board pens for whiteboards	Thin triangular pencils for writing on paper; white board pens for whiteboards		
Self-correction	Simple, straight line through error.				
	Practice Patch - Some pages may begin with the top three lines of a page forming the 'practice patch' which allows transfer of handwriting practice from white board to paper. For pupils and teachers this forms an assessment measure of automaticity in handwriting targets. Coloured pens may also be used to assess for letter heights (brown), spacing (yellow) and grounding (green).				
Ruler use		All straight lines to be drawn with a ruler.			
New work	New work to commence on a new page.	New work will usually commence on a new page, unless teacher advises otherwise.			
Un-joined / Joined writing	All un-joined writing.		Joined writing gradually integrated into independent work.	Joined writing fully integrated.	
	Un-joined writing used for dates, titles, labels, data, email addresses, algebra.				
Date	All work to be dated (day month) by teacher.	All work to be dated (day month year) by child or teacher at top, right hand side. Y1 – summer term Y2 – from January	All written work to be dated by child, at top, right hand side using full date. Maths to use numbered date format dd/mm/yyyy eg. 14/11/2014		

Paper	KL 6-line whiteboards transitioning to appropriate size (1.5mm gap) lined paper, with the additional guide of the Kinetic Letters tree, for the majority of the time.	KL 6-line whiteboards transitioning to appropriate size (1.5mm then 1.2mm gap) lined paper. Squared exercise books for maths.		Narrow lines (1.0mm gap) and small squared exercise books. Wide lines and large squared exercise books for some pupils at teacher discretion.	
		Early years	Year 1	Year 2	Years 3 & 4
