

Halves and Quarters

I can write simple fractions and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$.

Colour $\frac{2}{4}$ of each of these shapes:

Colour $\frac{2}{4}$ of each of these animals:

Look at your colouring. What do you notice?

Look at the pictures and record what you see.

$\frac{1}{2}$ of 8 =

- of =

- of =

Halves and Quarters

Draw your own picture to show three quarters of 12 and write a sentence about it.

I think of a number between 10 and 20. I can find $\frac{1}{2}$, $\frac{1}{4}$ and $\frac{1}{3}$ of this number. What is my number?

.....

Halves and Quarters Answer Sheet

I can write simple fractions and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$.

Colour $\frac{2}{4}$ of each of these shapes:

Colour $\frac{2}{4}$ of each of these animals:

Look at your colouring. What do you notice?

2 quarters is the same as 1 half.

Look at the pictures and record what you see.

$$\frac{1}{2} \text{ of } 8 = 4$$

$$\frac{1}{4} \text{ of } 12 = 3$$

$$\frac{3}{4} \text{ of } 8 = 6$$

Halves and Quarters Answer Sheet

Draw your own picture to show three quarters of 12 and write a sentence about it.

e.g.

3 quarters of the fruit is made up of oranges, 1 quarter of the fruit is made up of bananas.

I think of a number between 10 and 20. I can find $\frac{1}{2}$, $\frac{1}{4}$ and $\frac{1}{3}$ of this number. What is my number?

12
