Reasoning and Problem Solving Counting in Groups

Think carefully about each question. You may want to draw a representation to help you to find the answers.

1.

In a shop, grapes come in bunches of 10

Max wants to buy forty grapes.

Are there enough grapes?

2.

Eva and Whitney are making equal groups of bread rolls.

Eva

We need one more group to make 40

We need 10 more rolls to make 40

Whitney

Who do you agree with? Explain why.
